Portugal

Wine Composition

100% Touriga Nacional

Alcohol

12.5 %

Total Acidity

5.6 G/L

Residual Sugar

0.6 G/L

pH

3.40

DESCRIPTION

This Rosado displays a light rose color in the glass, with floral and fruity scents and flavors typical of the Touriga Nacional grape, especially roses and wild berries. The palate displays elegant tones, is fruity and round with a very fresh, lingering finish.

WINEMAKER NOTES

The grapes come from higher elevation vineyards on the Vallado Estate and are vinified in the traditional “Bica Aberta” method, where the skins are in contact with the juice for only a few hours, giving it a pale pink coloration. After skin contact, fermentation continues for approximately one month at controlled temperatures between 57-59° F, and the wine is then aged for three months in stainless steel vats.

SERVING HINTS

Serve chilled on its own or with any type of seafood, summer salads, and fruit-based desserts.
