Chile

Wine Composition

100% Cabernet
Sauvignon

Alcohol:
13.5%

Residual Sugar
4 G/L

Total Acidity
5.0 G/L

pH
3.7

DESCRIPTION

This wine has an intense ruby-red color, with aromas of red fruits, blueberries, and plums – with an elegant floral touch. The palate is smooth, with rounded tannins and good volume – accompanied by a pleasant touch of oak. The wine ends up with a long and lingering finish.

WINEMAKER NOTES

The grapes for this wine come from Colchagua Valley, a warm zone with old colluvial and sedimentary clay soils. These are conditions that encourage good fruit concentration and spirited tannin structure. Hand-picked from the end of April to the beginning of May, the grapes are crushed, and undergo 5 days of cold maceration at 50° F (10° C). Fermentation takes place in stainless steel tanks at a controlled temperature of 82.4 (28°C) during ten days. The wine was then aged in contact with French and American oak for 5-6 months.

SERVING HINTS

TerraPura Cabernet Sauvignon is a fine accompaniment to grilled red meats, stews, casseroles, pastas, and aged cheeses.
