95% Chardonnay,

5% Malbec

#### Alcohol %:

11.8%

#### Total Acidity

6.0 G/L

#### Residual Sugar

8 G/L

#### pH:

3.3

### DESCRIPTION

Salmon-pink color, with fine, persistent, and delicate bubbles. Aromas evoke green apple, peach and compote. The palate is well-balanced, creamy and complex. There is a bright acidity and a pronounced crispness.

### WINEMAKER NOTES

Produced using the Charmat method, in large pressure tanks “autoclave” at a controlled temperature (not exceeding 64.4 F [18 C]). Fermentation is carried out in stainless-steel tanks with selected yeasts, conducted very slowly and softly at a temperature between 60.8 F - 64.4 F (16 C – 18 C). The wine is then aged for 2 months in contact with lees.

### SERVING HINTS

Best served between 46.4 F – 53.6 F (8 C – 12 C). Ideal with appetizers, salads, and sushi.
