45% Malbec,
40% Syrah,
15% Cabernet
Franc

Alcohol

14.5%

Total Acidity

5.56 g/l

Residual Sugar

1.79 g/l

pH

3.35

DESCRIPTION

The wine is deep red and brilliant with violet tones. The nose highlights notes of red fruit, chocolate, and spice. The palate has a complete mid palate with smooth, rounded tannins. Each variety adds to the complexity in different ways: the Cabernet Franc contributes the structure and tannins; the Malbec lends floral notes; and the Syrah brings spice, violet notes, and wet earth.

WINEMAKER NOTES

The 2019 season was moderate, with a stable summer that saw temperate mornings and warm afternoons. The fruit was in very good condition. All of the components ripened correctly and conserved the natural acidity.

All of the components underwent a cool, 7-day maceration prior to alcoholic fermentation. A combination of specific winemaking techniques were used for each component in order to highlight the characteristics of each variety. Every lot aged for 18 months in French oak barrels from different barrel makers, forests, and toast levels. Finally, the blend came together using specific percentages of each of the lots in order to achieve a balanced and complex wine that expresses the terroir of the grape varieties during the growing season.

SERVING HINTS

Decanting recommended. Suggested serving temperature of 64.4° F (18° C). Ideally served with grilled red meats, especially lamb, pasta, spicy dishes and aged cheeses.
