Producer
TerraPura

Region
Curico Valley

Country
Chile

Wine Composition

100% Merlot

Alcohol:
13.5%

Residual Sugar
3.2 G/L

Total Acidity
5 G/L

pH
3.65

DESCRIPTION

This Merlot displays a deep red color with intense aromas of cherries, blueberries and a hint of black pepper. On the palate, it is smooth and silky, has good structure and a long, pleasant finish.

WINEMAKER NOTES

The grapes for this wine come from a warm-climate zone of the Curico Valley. Hand-picked in mid-April, the grapes are crushed, and undergo 5 days of cold maceration at (10° C) in stainless steel tanks for 5 days. Fermentation takes place in stainless steel tanks at controlled temperatures (27° C) for 8 days, with gentle, aerated pump overs. The wine is then aged in contact with French and American oak for 6 months.

INTERESTING FACT

The TerraPura illustration on the label seeks to convey the importance of maintaining the ecosystem in which humans, plants and animals coexist. The trumpets/speakers at the apex of the illustration represent the importance of listening to what nature has to tell us.

SERVING HINTS

TerraPura Merlot is perfect as an aperitif, also very nice with red meats, and red sauce pasta dishes.
