pH

3.66

DESCRIPTION

This Estate Cabernet has a fruity nose with aromas that remind one of plums and quince, combined with a slight touch of elegant oak. The palate features a mild bouquet of blackberry and licorice fruit. This is a big wine that has a rich and lingering finish, with smoky accents of vanilla and oak.

WINEMAKER NOTES

100% ESTATE GROWN FRUIT

Estate vineyard, located in Las Barrancas, Maipú. Considered one of the best grape-growing regions in Mendoza, it is well-known for its climate and stony soil. Hand-harvested grapes undergo cold maceration for 48 hours before fermentation takes place. The wine undergoes maceration in stainless-steel tanks for 15 to 20 days. In order to develop the wine's structure, 40% of this wine is matured in American oak barrels for twelve months.

SERVING HINTS

Suggested serving temperature between 59° F – 62.6° F. Excellent wine to pair with pasta, red and white meats, and dishes with cream sauces.
