"The essence of our wines stems from the close relationship between grape variety, terroir and climate." Those immortal words from Gustave Lorentz, the founder of this famed Alsatian estate, pervade every aspect of the winemaking and winegrowing process, and it has since its founding in 1836.

There have been seven generations of family tradition here, currently helmed by sixth generation Georges Lorentz, and with that kind of legacy comes innovation. Gustave Lorentz was among the first producers in Alsace to use stelvin closures and became certified organic by Ecocert in 2012.

Gustave Lorentz vineyards are nestled in the hills of Altenberg de Bergheim in the Vosges Mountains on 85 acres, with four being planted on the hills of Grand Cru Kanzlerberg and 30 in the Altenberg de Bergheim. Riesling, Pinot Gris, Gewurztraminer and Pinot Blanc varieties, all vinified separately, make up the majority of plantings of these exceptional vineyards, along with smatterings of other varieties.

The wines have been described as "gastronomic", being a perfect partner to any kind of cuisine. One of the outstanding wines is the Crémant d'Alsace Brut Rosé, made of 100% Pinot Noir. Having been aged for nearly four years and made in the traditional method, its pleasing aroma and lively acidity demonstrate all that is great about Gustave Lorentz.
