

Bodegas Bianchi Particular Cabernet Sauvignon

'Press Highlights'

2019

- **93** – JAMES SUCKLING, March 23, 2022

"Notes of dark cherries, wild berries, violets and dry earth. Toasted hazelnuts, vanilla and grilled herbs, too. Full-bodied with fine-grained tannins and a fleshy texture. Lots of flavor. Supple, textured and lengthy finish. Drink or hold."

- **91, Silver Medal** – 2022 DECANTER WORLD WINE AWARDS, June 7, 2022

2018

- **92** – JAMES SUCKLING, April 2, 2020

"This is a big, rich cabernet with lots of currants and chewy, velvety tannins that are long and intense. A mouthful, but ever so polished and pretty. Drink after 2021."

- **90** – WINE ENTHUSIAST, February 2022

"This dark, fully ripe Cabernet opens with earthy berry and black plum aromas and a touch of warmth on the nose. A full palate is softened by creamy oak, while blackberry and cassis flavors come with chocolaty oak notes."

2017

- **91** – VINOUS, October 21, 2020

"Up until this year, the style of Particular was dominated by the wood, but that is beginning to change. The entirety of this wine was aged for 12 months in 70% new oak. Intense in color, with a nose of black currant and hints of pyrazine and mint, along with clear, slightly smoky wood notes that provide structure. The medium body is supported by active tannins and tangible grip, softened by the low freshness. Keep for a couple of years."

2013

- **91, Cellar Selection** - WINE ENTHUSIAST, February 2018

"Oak notes are prominent on the nose, with aromas of shoe polish and ash. This is a big Cabernet Sauvignon that still need time to settle. Its dark, oaky flavors are bolstered by a core of berry fruit. A loud finish suggests this is best for those who favor bold New World reds."

2012

- **90** – WINE ENTHUSIAST, October 2016

"Hard-edged, aromas of cheesy oak, leather, wiry berry fruits and graphite are a bit hot when totaled up. Tight, fresh and juicy on the palate, this tastes of currant, plum and vanilla. A finish with heavy but integrated oak as well as residual heat and burn says drink through 2022."
