## COUNT KAROLYI GRÜNER VELTLINER

PANNON, HUNGARY

VINEPAIR

92  
POINTS

“Coming from the Tolna sub-region of the larger southern Pannon wine region of Hungary, this Grüner is a very cool example of how well this variety can do outside its home in Austria. It has a waxy, aloe nose with some lemon and a dose of pear/apple. The wine is soft and rich with aromas carrying over from the nose with a slight additional musk-y note. A great value wine for everyday enjoyment.”
