"In Bordeaux, there is a body of water that divides the famous wine region in half, the Gironde Estuary. On one Sauvignon, while on the other side, the Right Bank, the wines are primarily Merlot-driven blends. This bottle from Saint-Émilion on the Right Bank happens to be 100 percent Merlot and is such a great example of why the variety thrives in this part of the region. It has cherries and earth on the nose with slight hints of soil and cinnamon. The palate
